Dear Valued Winholt Customer,

We hope this letter finds you well. At Winholt Equipment, we are committed to providing our customers with high-quality products and services at the best possible price. As part of our dedication to maintaining these standards, we need to quickly react to the recently enacted tariffs that directly impact our product pricing.

Due to the recent imposition of tariffs that are significantly affecting the cost of goods and materials, we face the challenge of adjusting our pricing structure. We have made substantial efforts to mitigate the impact of these additional costs, however, the ongoing impact of these tariffs compels us to implement an 8% price increase effective March 24th, 2025.

This decision was made after careful consideration and is necessary to ensure we can continue providing you with the highest quality products and services without compromising our standards.

We greatly value your business and are dedicated to maintaining the level of excellence you have come to expect from us. Our team is available to discuss any concerns regarding this change. Don't hesitate to contact your sales representative or me if you have any questions.

Thank you for your understanding and continued support during these challenging times. We are deeply grateful for your partnership and look forward to continuing our work together.

Thank you,
