

# PRODUCT PRICE INCREASE

Effective February 3, 2025

John Boos & Co. want to inform you about an upcoming price adjustment for our manufactured stainless steel products, effective February 3, 2025. This is our first adjustment in 2.5 years, and we've worked hard to keep the increase minimal while continuing to deliver the quality and craftsmanship you rely on.

Here's what you need to know:

- **Orders already placed:** Pricing on purchase orders with acknowledged pricing and ship dates will remain unchanged.
- **New quotes:** Starting February 3, 2025, all new quotes will reflect the updated pricing. Quotes issued before this date will stay valid until their expiration date.

On average, the adjustment will result in a price increase of less than 3% for typical product mixes. This change ensures we can continue providing the dependable products and service you've come to expect from John Boos.

If you have any questions or need additional information, your regional sales manager is here to help.

Thank you for your understanding and for being a valued partner.
